

Increase in prices effectuating Q2 2021

Please be advised that PLM Group will increase prices on all commercial software licenses and renewals, due to the yearly index raise. This is done to ensure our continued high level of quality.

Please be assured that PLM Group has kept the increase to a minimum and we are, as always, committed to providing superior products and services to you and your business.

Index raises are as following:

- Finland: 2% increase
- Sweden: 2% increase
- Estonia: an average 2% increase
- Latvia: an average 2% increase
- Norway: 5% increase

The price adjustment will be effective from and including April 2021.

Do you have any questions concerning the changes above please contact PLM Group sales:
